Amendments

In the Drawings

Proposed corrections to Figs. 2 and 3 are enclosed, with the proposed corrections
circled in red. Applicants respectfully request consideration and approval of the proposed
corrections, and formal drawings incorporating these corrections are being submitted
herewith under separate cover.

REMARKS

This paper is submitted in reply to the Office Action dated September 10, 2002,
within the three-month period for response. Reconsideration and allowance of all
pending claims are respectfully requested.

In the subject Office Action, the Drawings were rejected as failing to comply with
37 CFR 1.84(p)(4), and specifically regarding the reference characters "54," "56," "60,"
and "62" of Fig. 2 as all being used to designate entries in a queue; reference "10" as
being used to designate both a computer system in Fig. 1 and a computer system with
